6 Studios | 5 Minutes From
Manhattan

About us

Attic Studios is a full-service rental studio complex and production facility located approximately five minutes from Midtown Manhattan in Long Island City, Queens. Housed in a former printing facility, nearly 20,000 square feet of lofted space has been repurposed into 6 premiere rental studios for photography and video shoots. Studio features include 360 daylight exposure, full-service coffee bar, rooftop access, extensive on-site equipment rental and support for location shoots.

STUDIO LOCKOUT

Covid-19 has changed the way we live, how we work and how we interact with one another.

In response to Covid-19, we have created two different lockout packages to provide you and your team with ample space to social distance, an opportunity to utilize multiple studios without the pressure of incurring overage fees.

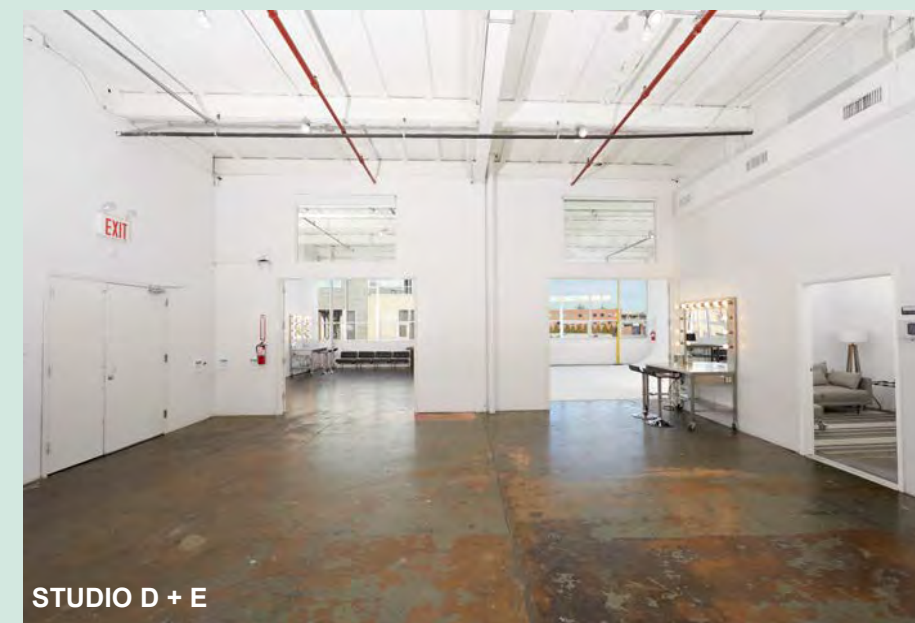

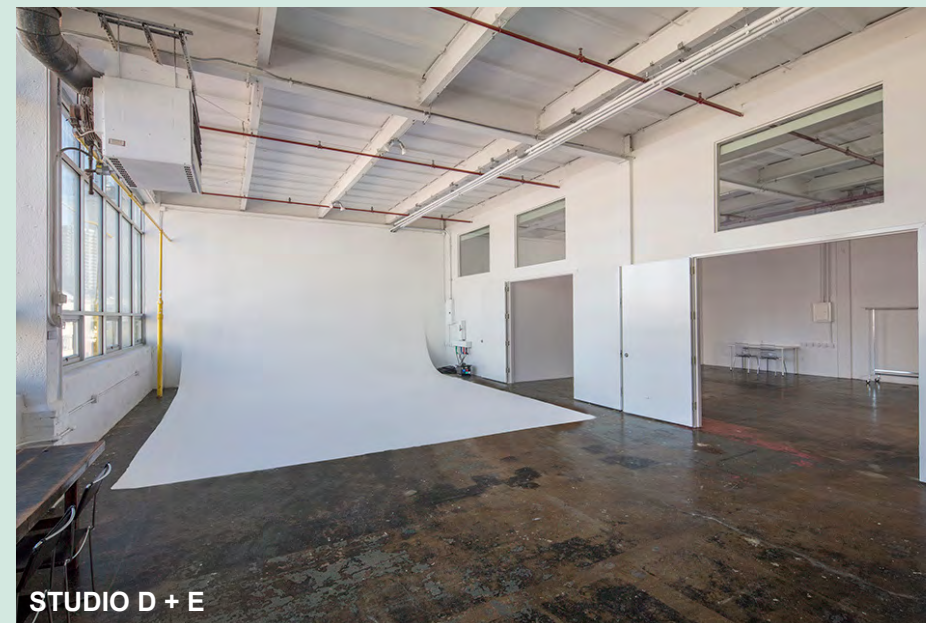

All lockout packages provide you with full access to our available, in-house equipment and production items.

Our new, simplified approach to studio booking aims to provide the extra necessary precaution to keep everyone safe during this time.

The Studios

BACK LOCKOUT

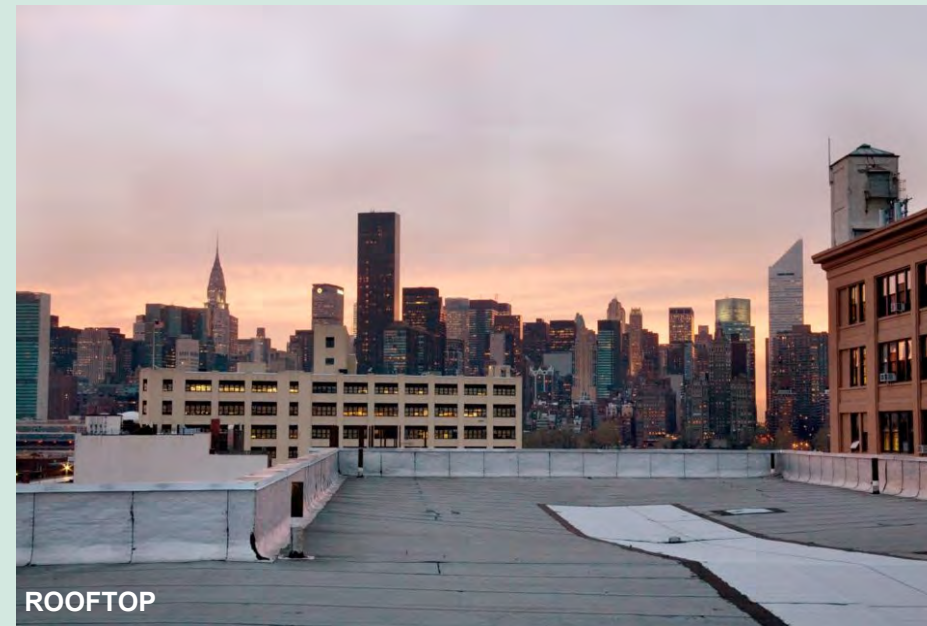

Studio C, Atrium & Studio D+E
